

Appliqué to Go

Appliqué projects make a perfect project when traveling — they are easy to transport and don't require a sewing machine. You'll love this handy set for carrying your blocks and supplies, including a huge assortment of thread, in a compact, easy-to-pack group.

Designed to hold Superior Threads' Frosted Donut* (36 prewound MasterPiece bobbins) or Super Bobs* (36 Bottom Line bobbins), the Thread Case will hold *both* Bobbin Savers filled with prewound bobbins in assorted colors. What a great way to have lots of thread colors at your fingertips!

The Project Roll begins with a cardboard mailing tube. (Choose a size (16" to 24") depending on the size blocks you usually make.) Place blocks on the flannel lining; then roll to keep blocks flat, clean, and ready to go. Attached ribbon ties hold things together. Your pattern and other supplies may be stored inside the cardboard tube.

The handy little Scissors Holder keeps your scissors close at hand while protecting you from their sharp points.

Supplies needed:	Thread Case and Scissor Holder	Project Roll
Main fabric	Fat quarter	½ to ¾ yard
Lining fabric (I suggest flannel for the Project Roll)	½ yard	½ to ¾ yard
Border fabric	Two, 3½" x 8"	Not used
