

JEWELRY TRAVEL CASE

This handy case will keep your treasured jewelry protected and organized, minimizing tangles, twists and knots.

Individual ring, earring, and bracelet bars help arrange all your favorites. Three flannel-lined zippered pockets hold bracelets, pins and large loop earrings.

The necklace station provides a safe haven for chains, ropes and other unique items with snap tab holders and an open bottom pocket to keep them in place. A zip-up divider separates them from other jewelry.
