

Machine appliqué using Superior Threads' Charlotte's Fusible Web™

For more info, visit my website:
www.byannie.com

1. Trace design onto appliqué fabric.

2. Sew just inside traced line.

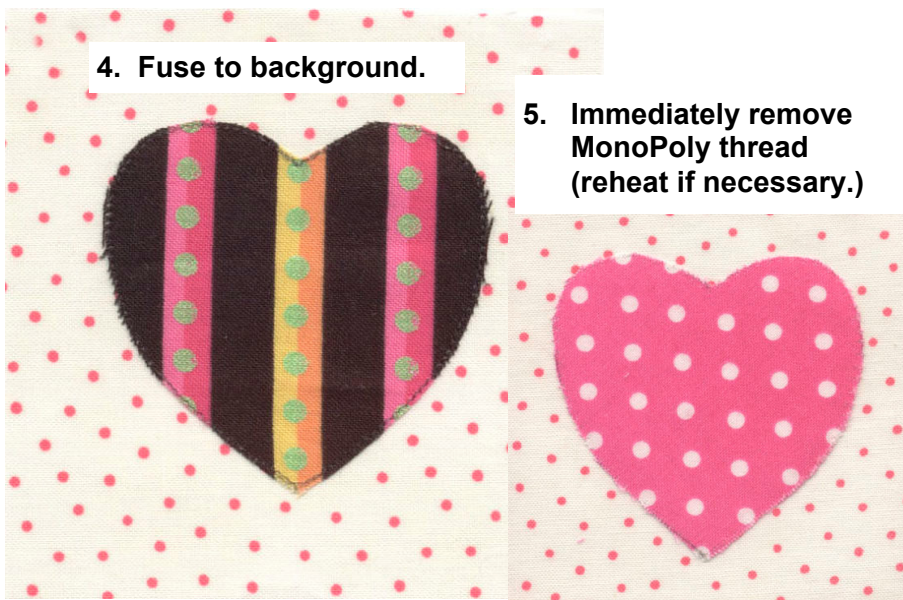

- Charlotte's Fusible Web in bobbin
- Mono-Poly in top
- Stitch-length about 2½

3. Cut out right next to stitching.

4. Fuse to background.

5. Immediately remove MonoPoly thread (reheat if necessary.)

6. Finish edge with satin stitch or blanket stitch.

Try this quick and easy technique.

You'll get the benefits of fusible appliqué without the stiffness or flatness.
