

# Flipping Out

## Class Description

These sturdy cases in two sizes will store and carry all sorts of tools and supplies.

When open, the cases convert into desktop stands by folding down their tops. This allows easier access and visibility of contents without sacrificing stability.

Each case zips shut for safe and secure storage. You'll love how easy it is to install the zipper using one piece of zipper tape and a zipper pull.

Quick and easy to make, the bags make great gifts, too!

## Class Supply List

In this class you suggest that you make the LARGE Flipping Out bag. It is a bit easier to make than the small bag.
