Class Description

Learn the secrets to making bags that look like you bought them -- not like you made them!

Annie will share techniques for working with Soft and Stable, installing zippers, making adjustable carrying straps, and more.

Pack it all in style with this roomy bag! Sturdy enough for all your adventures, Round Trip Duffle is a bag that you will enjoy for years to come.

The exterior of the bag features a handy combination slip and zippered pocket on front as well as slip pockets on each side and on the back.

The main compartment opens with a double-slide zipper which extends part-way down each side, allowing easy access to the roomy interior.

Inside are a full zippered mesh pocket and three fabric slip pockets.

Comfy side handles and an adjustable padded carrying strap allow over-the-shoulder or cross-body carrying.

You'll love the handy trolley sleeve on the back which slips over handles on rolling luggage for even easier carrying.
